

NEWSLETTER

AUGUST 2025

We are delighted to share the latest updates from our SLIPS project (*Service Learning In Primary Schools*) - a collaborative initiative between partners coming from 7 countries and dedicated to bringing the transformative power of service-learning to primary schools across Europe.

It is with great excitement that we share the final version of the SLIPS Toolkit, created as a result of the Service Learning in Primary Schools (SLIPS) project. The project partners created it based on their knowledge and experiences with service-learning implementation with primary school teachers and students in schools and universities, the research and need assessment conducted through activities in the SLIPS project, and the methodology and experiences obtained from the previous SLUSIK project, which focused on implementing service-learning among secondary school students.

In addition, our **SLIPS Toolkit** has been fully translated from English into all partner languages: Bosnian, Croatian, French, Lithuanian, Portuguese, Slovak and Spanish. These materials are specifically designed to help teachers and students implement service-learning activities smoothly, incorporating localized content to reflect the unique cultural and linguistic needs of each community.

The SLIPS project includes a dedicated **E-Learning Platform** offering **Self-Managed Learning Courses** in all partner languages. These courses support educators in applying service-learning in primary schools, with flexible, step-by-step content designed for local contexts.

SLIPS is making a great contribution to the European Year of Skills by addressing the critical need for inclusive training and upskilling in education. By equipping educators with

innovative tools and methodologies, we aim to inspire a new generation of socially aware and civically engaged young learners.

We invite you to explore the toolkit and our evolving resources on the SLIPS website and platform.

We hope that you will join us on our SLIPS journey to learn more about Service Learning in Primary Schools and get inspired by our activities and results.
